

Treasury Department,

BUREAU OF THE MINT,

Washington, D. C., December 31, 1885.

Sir:

My communication to you of yesterday grew out of my desire for some further authentication on your part of the Orr and Kess bills. Their present return must be regarded as final, and the want of certain particulars must be charged to the incomplete system of accounts, to which I have had previous occasion to refer.

It will not be necessary, under the circumstances, to trouble you further with these two vouchers, and they will be

passed on the approval of your
predecessor, whose accounts, I
understand, will thus be closed.

Very respectfully,

Just P. Kimball
Director

Hon. D. M. Fox,

Superintendent Mint,
